bar service notes

1 *Bill on Consumption Bar Packages (BOC)*

Liquor consumed on a "bill on consumption" basis will be charged per serving portion based on consumption determined by cocktail recipe. *Walt Disney World*® Resort's standard for an alcohol portion is based on a 1¼ ounce pour. If a double pour is requested by a Guest, 2½ ounces will be poured and will be billed as a Double Cocktail. Martinis and multi-liquor cocktails will be counted and billed as Double Cocktails. *Walt Disney World* Resort's standard wine pour is 5 ounces.

2 *Labor Charge*

- + A Bartender Fee of \$100+ per bar will be applied for all bars. This charge shall be waived should beverage sales exceed \$500++ per bar.
- + Additional bartenders can be requested for a service fee of \$100+ per bartender. (The fee for additional bartenders shall not be waived.)
- + A Cashier Fee of \$35+ per cashier per hour will be applied for all Cash Bars, with a three-hour minimum. This is applied only in Resort convention events. This charge shall be waived should bar sales exceed \$500++ cumulatively.
- + The Cashier Fee is covered in the venue rental fee for Theme Park catered events and is only charged if no venue rental is charged.
- + The number of cashiers required for an event will be determined by catering operations.

3 *Wine Service*

When wine service is requested to be poured table-side at plated or buffet dinner events, wine will need to be purchased and charged "Bill on Consumption" (BOC) based on the retail tier of the bottle of wine++.

*If additional bar service is required in that function, it would need to be charged as "Bill on Consumption" or "Cash."

4 *Florida Responsible Vendor Law*

Walt Disney World Company is the only entity licensed to sell alcoholic beverages at *Walt Disney World* Resort; therefore, Walt Disney World Company employees must staff all bars, and sell and serve all alcoholic beverages. Walt Disney World Company participates in the Florida Responsible Vendor Program and bartenders and servers are required to monitor the age of all persons consuming alcoholic beverages on the premises.
